Good Morning George,

Unfortunately, I am unable to attend the meeting scheduled today at 11:00 am on such short notice. I have another meeting to attend during that time. If anything is discussed that you feel our office needs to be aware, please just send an email with the non-confidential information or call me if we need to discuss the items. Otherwise, please invite us to the next scheduled meeting/conference call that you think we should attend.

Thanks for the heads up and I hope everything is okay with your family emergency.

Lornette Harvey

Subject: Hello

Hello Lornette.

To get straight to the point I had scheduled a meeting with DTSC concerning Exide and the Air permit we discussed a couple of weeks ago. The meeting was to be today at 11am here in Sacramento with a number that you could call into. I had a family emergency and was unable to finish coordinating the meeting internally with all those involved. I still plan on meeting with DSTSC in person today here in Sacramento however I was curious to know if you were working today and if so would be interested in still attending the meeting. Re-scheduling should not be difficult to discuss the air permit however I wanted to still touch base with you.

Here is the call in info

call in at (866) 673-0803, part code – 8954565

Please give me a call if you get this before the scheduled meeting.

Thank you

George Randell
